## THE COMMUNITY FINANCIAL CORPORATION ANNOUNCES 1.22\% RETURN ON AVERAGE ASSETS FOR SECOND QUARTER OF 2021

July 22, 2021

## Second Quarter 2021 Highlights

- Net Income: Net income totaled $\$ 6.4$ million for the quarter ended June 30, 2021, or $\$ 1.10$ per diluted common share compared to net income of $\$ 3.5$ million or $\$ 0.59$ per diluted common share for the quarter ended June 30, 2020. Net income totaled $\$ 12.7$ million for the six months ended June 30 , 2021, or $\$ 2.17$ per diluted common share compared to net income of $\$ 6.2$ million or $\$ 1.05$ per diluted common share for the six months ended June 30, 2020.
- Overall Profitability: This is the third consecutive quarter of record return on average assets ("ROAA") performance for the Company. The Company's ROAA and return on average common equity ("ROACE") were $1.22 \%$ and $12.62 \%$ for the three months ended June 30, 2021 compared to $0.69 \%$ and $7.27 \%$ for the three months ended June 30, 2020. The Company's ROAA and ROACE were $1.22 \%$ and $12.57 \%$ for the six months ended June 30,2021 compared to $0.65 \%$ and $6.64 \%$ for the six months ended June 30, 2020.
- Core Profitability: Pre-tax, pre-provision ("PTPP") ROAA and PTPP ROACE increased to $1.68 \%$ and $17.49 \%$ for the quarter ended June 30, 2021 compared to $1.62 \%$ and $17.03 \%$ for the quarter ended June 30, 2020. The Company's PTPP ROAA and PTPP ROACE increased to $1.68 \%$ and $17.41 \%$ during the first six months of 2021 compared to $1.57 \%$ and $15.95 \%$ for the same period in 2020.
- Net Interest Margin Compression: Net interest margin decreased 13 basis points from $3.50 \%$ for the first quarter of 2021 to $3.37 \%$ for the three months ended June 30, 2021. The current low interest-rate environment coupled with significant increases in on-balance sheet liquidity, purchases of lower-yielding investments and competition for loans is expected to put downward pressure on margins for the balance of 2021.
- Common Stock Repurchases: During the three months ended June 30, 2021, the Company repurchased 111,884 shares of common stock at an average price of $\$ 34.93$ per share.
- Dividend Increase: The Company increased its dividends paid by $20 \%$ from $\$ 0.125$ in the first quarter of 2021 to $\$ 0.15$ in the second quarter of 2021.
- Customer Acquisition: The Bank has increased noninterest-bearing accounts by $\$ 61.1$ million to $\$ 423.2$ million or from 20.74\% of deposits at December 31, 2020 to 22.18\%\% at June 30, 2021.
- Asset Quality Improvement
- Non-accrual loans, OREO and TDRs to total assets decreased 36 basis points to $0.72 \%$ at June 30,2021 from $1.08 \%$ at December 31, 2020. Classified assets decreased $\$ 7.4$ million to $\$ 14.9$ million at June 30, 2021 from $\$ 22.4$ million at December 31, 2020.
- At June 30, 2021, COVID-19 deferred loans decreased to $\$ 3.5$ million, representing $0.16 \%$ of assets.

Waldorf, MD - The Community Financial Corporation (NASDAQ: TCFC) (the "Company"), the holding company for Community Bank of the Chesapeake (the "Bank"), today reported its results of operations for the three and six months ended June 30, 2021. Net income for the three months ended June 30 , 2021 was $\$ 6.4$ million, or $\$ 1.10$ per diluted common share compared with net income of $\$ 6.3$ million, or $\$ 1.07$ per diluted common share for the first quarter of 2021 , and net income of $\$ 3.5$ million or $\$ 0.59$ per diluted common share for the quarter ended June 30, 2020. The Company reported net income for the six months ended June 30,2021 of $\$ 12.7$ million or diluted earnings per share of $\$ 2.17$ compared to a net income for the comparable period of 2020 of $\$ 6.2$ million or diluted earnings per share of $\$ 1.05$. As a result of the COVID-19 pandemic, earnings for the six months ended June 30, 2020 were impacted by an increased provision for loan losses ("PLL") of $\$ 7.6$ million compared to $\$ 0.6$ million for the six months ended June 30, 2021.

## Management Commentary

"During the three months ended June 30, 2021, we delivered our third consecutive quarter of record performance. In the first six months of 2021, we added two new product lines, closed a branch to better optimize our branch operations, improved asset quality and continued to drive operating efficiency by controlling expenses," stated William J. Pasenelli, Chief Executive Officer. "Our second quarter 2021 operating results were strong at a $1.22 \%$ ROAA. We believe that without U.S. Small Business Administration Paycheck Protection Program ("U.S. SBA PPP") income, ROAA would be lower by 10 to 12 basis points. We believe as we look forward that we have positioned our Company with a healthy balance sheet and a foundation for sustainable profitable operations that should enhance long-term shareholder value beyond the non-recurring income streams from the U.S. SBA PPP".
"Our business development teams continue to be successful sourcing noninterest-bearing accounts by returning to face to face interactions with customers and by leveraging technology and Fintech partnerships to better understand our customers' behaviors. In addition, we are taking advantage of market disintermediation as well as new customers acquired through COVID-19 government stimulus programs," stated James M. Burke, President. "New account openings in the first half of the year have included a mix of retail and commercial accounts and have significantly exceeded the number of accounts we opened for new customers participating in the U.S. SBA PPP loan program. The increases in the numbers and dollars of noninterestbearing accounts, from $20.74 \%$ of outstanding deposit balances at year end to $22.18 \%$ at June 30 , 2021, provide a strong foundation for continued fee income improvement as well as help offset margin compression in the current volatile interest rate environment."

During March 2021, the Bank introduced a new residential mortgage program and retail and commercial credit card program that merge the technology and expertise of two proven FinTech firms with our business development team's demonstrated capabilities. The Company expects these programs to improve non-interest income and interest income in 2022-2023.

The Bank's expansion into Virginia significantly contributed to our growth over the last five years. Fredericksburg, Spotsylvania and surrounding areas provide significant opportunities for continued organic growth supported by our efficient operating model and ability to leverage technology. At June 30, 2021, loans in the greater Fredericksburg, Virginia area accounted for approximately $40 \%$ of the Bank's outstanding portfolio loans, and Fredericksburg branch deposits were $\$ 84.7$ million with an average cost of deposits of four basis points. On April 21, 2021, the Bank purchased its second location in Virginia at 5831 Plank Road, Spotsylvania. The full-service branch is expected to open in late 2021 and will provide banking, lending and wealth management services with a focus on digital banking.

Effective March 31, 2021, the Bank consolidated its St. Patrick's Drive branch in Waldorf, Maryland into the Bank's nearby main office branch. This realignment of our branches will enable the Company to serve a wider customer base. The net financial impact of the new Spotsylvania branch and the closing of the St. Patrick's Drive branch is expected to be neutral to the Company's expense run rate.

As previously disclosed on July 15, 2021, the Company completed the repurchase of the $\$ 7.0$ million of shares of the Company's common stock pursuant to the repurchase plan announced on October 20, 2020 (the "2020 Repurchase Plan"). The 2020 Repurchase Plan authorized the Company to repurchase up to 300,000 of the Company's outstanding shares of common stock using up to $\$ 7.0$ million of the proceeds the Company raised in its $\$ 20.0$ million subordinated debt offering completed in October 2020. Between November 2020 and July 2021, 200,275 shares were purchased at a total cost of approximately $\$ 6.98$ million or an average of $\$ 34.83$ per share. As of July 15 , 2021, the Company had $5,715,732$ shares outstanding. The Company will continue to evaluate the use of additional capital management strategies to enhance overall shareholder value, including repurchasing some or all of the 99,725 shares remaining under the 2020 Repurchase Plan. Future plans to resume repurchases will be publicly announced.

## Results of Operations

## Net Interest Income

Net interest income increased for the three months ended June 30, 2021 compared to the three months ended June 30, 2020. Net interest margin of $3.37 \%$ for the three months ended June 30, 2021 increased three basis points from $3.34 \%$ for the comparable period. The increase in net interest income resulted primarily from decreases in interest expense from lower funding costs exceeding the impacts of lower interest-earning asset repricing.

Net interest income increased for the six months ended June 30, 2021 compared to the six months ended June 30, 2020. Net interest margin of $3.43 \%$ for the six months ended June 30, 2021 was four basis points higher than the $3.39 \%$ for the six months ended June 30, 2020. The increase in net interest income resulted primarily from decreases in interest expense from lower funding costs exceeding the impacts of lower interest-earning asset repricing. Interest earning asset yields decreased 42 basis points from $4.08 \%$ for the six months ended June 30, 2020 to $3.66 \%$ for the six months ended June 30, 2021. The Company's cost of funds decreased 49 basis points from $0.72 \%$ for the six months ended June 30, 2020 to $0.23 \%$ for the six months ended June 30, 2021.

For the second quarter and first six months of 2021, interest income decreased from significantly lower asset yields partially offset by increased interest income from larger average balances and accelerated loan fee recognition following the forgiveness of U.S. SBA PPP loans. Interest income from the Company's participation in the U.S. SBA PPP program was $\$ 1.3$ million and $\$ 3.1$ million for the three and six months ended June 30,2021 compared to $\$ 0.5$ million and $\$ 0.5$ million for the three and six months ended June 30, 2020. For the three and six months ended June 30, 2021, net interest margin increased 10 and 13 basis points as a result of net U.S. SBA PPP loan interest income and accelerated loan fee recognition compared to an increase of two basis points and no impact for the comparable periods in 2020. For the three months ended March 31, 2021, net interest margin of $3.50 \%$ increased 18 basis points as result of net U.S. SBA PPP loan interest income.

Due to a slightly liability-sensitive balance sheet, the Company's net interest margin was stable in 2020 after adjusting for U.S. SBA PPP loan and funding activity. The sharp decline in interest rates in 2020 and 2021 not only reduced interest income on floating-rate loans, liquid interest-earning assets and investments, but has also reduced competitive pressures and depositor expectations concerning deposit interest rates. The Company's cost of funds continued to decrease during the second quarter of 2021. The prepayment of $\$ 30.0$ million of FHLB advances with a $2.2 \%$ average rate in the last six months of 2020 , the repricing of time deposits, the increase in noninterest-bearing accounts as a percentage of total deposits and lower costs for transaction deposit accounts all contributed to lowering the Bank's cost of funds in 2020 and 2021. Cost of funds decreased from $0.54 \%$ for the three months ended June 30,2020 to $0.21 \%$ for the three months ended June 30,2021 . During the second quarter of 2021, the Company's cost of funds decreased four basis points from $0.25 \%$ for the three months ended March 31 , 2021.

Excluding the acceleration of interest income with U.S. SBA PPP loan forgiveness, compression of our net interest margin is likely to continue in the third quarter of 2021 as interest-earning assets reprice faster than interest-bearing liabilities and the Bank continues to invest excess liquidity into securities. We expect U.S. SBA PPP loan forgiveness to positively impact margins and net interest income in the third and fourth quarters of 2021 with the recognition of remaining net deferred fees.

## Noninterest Income

Noninterest income decreased for the three months ended June 30, 2021 compared to the three months ended June 30, 2020. The decrease for the comparable periods was primarily due to lower interest rate protection referral fee income and gains on the sale of investment securities in the second quarter of 2020, partially offset by increased fees on customer accounts. Noninterest income as a percentage of assets was $0.35 \%$ and $0.45 \%$, respectively, for the three months ended June 30, 2021 and 2020.

Noninterest income decreased for the six months ended June 30 , 2021 compared to the six months ended June 30, 2020. The decrease was primarily due to decreased interest rate protection referral fee income and a loss on the sale of impaired loans partially offset by increased service charges and miscellaneous fees. During the quarter ended March 31, 2021, the Bank sold non-accrual and classified commercial real estate and residential mortgage loans with an amortized cost, net of charge-offs, of $\$ 9.1$ million and recognized a loss on the sale of $\$ 191,000$. Noninterest income as a percentage of assets was $0.40 \%$ and $0.46 \%$, respectively, for the six months ended June 30, 2021 and 2020.

## Noninterest Expense

Noninterest expense for the three months ended June 30, 2021, was flat compared to the three months ended June 30, 2020 as increased compensation and benefits and professional fees were offset by decreased OREO expenses and FDIC insurance. Compensation and benefits increased for the comparable periods as no costs were deferred for the origination of PPP loans in the second quarter of 2021 compared with the deferral of $\$ 0.4$ million in the second quarter of 2020 . FDIC insurance has decreased due to improved balance sheet credit trends. The Company's projected quarterly expense run rate for the third quarter of 2021 remains between $\$ 9.1$ and $\$ 9.3$ million.

The Company's efficiency ratio was $51.27 \%$ for the three months ended June 30,2021 compared to $53.75 \%$ for the three months ended June 30, 2020. The Company's net operating expense ratio was $1.42 \%$ for the three months ended June 30,2021 compared to $1.43 \%$ for the three months ended June 30, 2020. The efficiency and net operating expense ratios have improved (decreased) as the Company has been able to generate more noninterest income while controlling expense growth.

During the first quarter of 2021, the Company reported an expense of $\$ 1.3$ million related to an isolated wire transfer fraud incident. Our investigation has found no evidence that information systems of the Bank were compromised or that employee fraud was involved. In the second quarter of 2021, the Company recovered $\$ 0.1$ million of the funds transferred and submitted an insurance claim which could result in a recovery of a portion of the expense. Any recovery of insurance proceeds would be recognized in the quarter received.

Noninterest expense increased $\$ 0.4$ million or $2.3 \%$ for the six months ended June 30, 2021 compared to the six months ended June 30, 2020. The increase in noninterest expense for the comparable periods was primarily due to the $\$ 1.3$ million wire fraud reported in the first quarter, increases in professional fees and a small increase in compensation and benefits due to fewer deferred costs allocated for PPP loans. Year to date compensation and benefits for the six months ended June 30, 2021 and 2020 were reduced $\$ 0.25$ million and $\$ 0.40$ million for the allocation of deferred costs for U.S. SBA PPP loans originated. The increase in noninterest expense was primarily offset by a reduction in OREO expenses. OREO expenses have moderated as the Bank has reduced foreclosed assets over the last 12 months from $\$ 3.7$ million at June 30, 2020 to $\$ 1.5$ million at June 30, 2021.

The Company's efficiency ratio was $52.55 \%$ for the six months ended June 30,2021 compared to $56.19 \%$ for the six months ended June 30, 2020. The Company's net operating expense ratio was $1.46 \%$ at June 30, 2021 compared to $1.55 \%$ at June 30 , 2020. The efficiency and net operating expense ratios have improved (decreased) as the Company has been able to generate more noninterest income while controlling expense growth.

## Income Tax Expense

For the three and six months ended June 30, 2021 the effective tax rate was $25.4 \%$ and $25.3 \%$. The Company's consolidated effective tax rate was $24.8 \%$ and $14.8 \%$ for the three and six months ended June 30, 2020. The Company's new state apportionment approach was implemented during the first quarter of 2020 and included the impact of amended income tax filings of the Company and the Bank. Management evaluated the tax position and determined the change in tax position qualified as a change in estimate under FASB ASC Section 250. The following table shows a breakdown of income tax expense for the six months ended June 30, 2020 split between the apportionment adjustment and a normalized 2020 income tax provision:
$\left.\begin{array}{llrl} & & \begin{array}{c}\text { (UNAUDITED) }\end{array} \\ & & \text { Six Months Ended June 30, 2020 }\end{array}\right]$

Income before income taxes
$\$ \quad 7,277$

## Balance Sheet

## Assets

Total assets increased $\$ 168.6$ million, or $8.3 \%$, to $\$ 2.20$ billion at June 30, 2021 compared to total assets of $\$ 2.03$ billion at December 31, 2020 primarily due to increased cash of $\$ 61.8$ million and investments of $\$ 100.8$ million. The increase in cash and investments was principally driven by the cash received from the SBA from the forgiveness of U.S. SBA PPP loans, as well as an increase to our customer deposits accounts. In addition, net loans increased $\$ 8.3$ million. The Company's loan pipeline was $\$ 154.7$ million at June 30, 2021.

During the second quarter of 2021 , total net loans, which include portfolio loans and U.S. SBA PPP loans, increased $\$ 0.1$ million to $\$ 1,602.4$ million at June 30 , 2021. Gross portfolio loans increased $7.1 \%$ annualized or $\$ 26.7$ million from $\$ 1,507.2$ million at March 31, 2021 to $\$ 1,533.9$ million at June 30, 2021. Portfolio loans include all loan portfolios except the U.S. SBA PPP loan portfolio.

Non-owner occupied commercial real estate as a percentage of risk-based capital at June 30, 2021 and December 31, 2020 were $\$ 770$ million or $329 \%$ and $\$ 696$ million or $316 \%$, respectively. Construction loans as a percentage of risk-based capital at June 30, 2021 and December 31, 2020 were $\$ 114$ million or $49 \%$ and $\$ 139$ million or $63 \%$, respectively.

## Funding

The Bank uses retail deposits and wholesale funding. Retail deposits continue to be the most significant source of funds totaling $\$ 1,900.1$ million or $98.2 \%$ of funding at June 30, 2021 compared to $\$ 1,737.6$ million or $98.0 \%$ of funding at December 31, 2020. Wholesale funding, which consisted of FHLB advances and brokered deposits, were $\$ 35.3$ million or $1.8 \%$ of funding at June 30, 2021 compared to $\$ 35.3$ million or $2.0 \%$ of funding at December 31, 2020.

Total deposits increased $\$ 162.5$ million or $9.3 \%$ ( $18.6 \%$ annualized) at June 30, 2021 compared to December 31, 2020. The increase reflected a $\$ 175.0$ million increased to transaction deposits offsetting a $\$ 12.5$ million decreased to time deposits. Non-interest-bearing demand deposits increased $\$ 61.1$ million or $16.9 \%$ at June 30,2021 , representing $22.2 \%$ of deposits, compared to $20.7 \%$ of deposits at December 31, 2020. Customer deposit balances have increased during the last 12 months due to customer acquisition as well as lower levels of consumer and business spending related to the COVID-19 pandemic.

## Stockholders' Equity and Regulatory Capital

During the six months ended June 30, 2021, total stockholders' equity increased $\$ 5.9$ million due to net income of $\$ 12.7$ million and $\$ 0.4$ million in connection with stock-based compensation and ESOP activity. These increases to equity were partially offset by common stock repurchases of $\$ 4.2$ million, common dividends paid of $\$ 1.5$ million and a decrease in accumulated other comprehensive income of $\$ 1.4$ million due to a reduction in unrealized gains in the investment portfolio.

The Company's common equity to assets ratio decreased to $9.29 \%$ at June 30,2021 from $9.77 \%$ at December 31, 2020. The Company's ratio of tangible common equity ("TCE") to tangible assets decreased to $8.79 \%$ at June 30,2021 from $9.22 \%$ at December 31, 2020 (see Non-GAAP reconciliation schedules). The decrease in the TCE ratio is due primarily to significant increases in cash, investments and loans.

In April 2020, banking regulators issued an interim final rule that excluded U.S. SBA PPP loans pledged under the Paycheck Protection Program Liquidity Facility ("PPPLF") from the calculation of the leverage ratio. The Bank did not have any PPPLF advances at June 30, 2021 and December 31, 2020. In addition, the interim final rule excluded U.S. SBA PPP loans from the calculation of risk-based capital ratios by assigning a zero percent risk weight. The Company remains well capitalized at June 30, 2021 with a Tier 1 capital to average assets ("leverage ratio") of $9.57 \%$ at June 30, 2021 compared to $9.56 \%$ at December 31, 2020.

## Asset Quality

## Allowance for loan losses ("ALLL") and provision for loan losses ("PLL") and Non-Performing Assets

The Company's allowance methodology considers quantitative historical loss factors and qualitative factors to determine the estimated level of incurred losses in the Company's loan portfolios. The ALLL increased in 2020 primarily due to the economic effects of the COVID-19 pandemic and continues to provide for economic uncertainty. ALLL levels decreased to $1.20 \%$ of portfolio loans at June 30, 2021 compared to $1.29 \%$ at December 31, 2020. At and for the three months ended June 30, 2021, the Company's ALLL decreased $\$ 0.9$ million or $4.7 \%$ to $\$ 18.5$ million at June 30, 2021 from $\$ 19.4$ million at December 31, 2020.

The Company recorded $\$ 0.6$ million of PLL for the six months ended June 30,2021 compared to $\$ 7.6$ million for the six months ended months ended June 30, 2020. Net charge-offs also decreased for the comparable periods from $\$ 2.2$ million in the first six months of 2020 to $\$ 1.5$ million for the six months ended June 30, 2021.

The Company's general allowance decreased from $\$ 18.1$ million at December 31, 2020 to $\$ 17.7$ million at June 30, 2021. The decrease in the general allowance was primarily due to improvements in qualitative factors partially offset by higher charge-offs in the first six months of 2021. During the six months ended months ended June 30, 2021, the Bank sold non-accrual and classified commercial real estate and residential mortgage loans with an amortized cost of $\$ 9.1$ million, net of charge-offs of $\$ 1.4$ million, and recognized a loss on the sale of $\$ 191,000$. The Company's sale of these impaired loans decreased the specific reserve, improved asset quality and improved several ALLL qualitative factors.

Management believes that loans included in the COVID-19 deferral program in 2020 and 2021 are more likely to default in the future and that the identification and resolution of problem credits could be delayed. In our evaluation of current and previously deferred loans, we considered the length of the deferral period, the type and amount of collateral and customer industries. Consistent with regulatory guidance, if new information during the deferral period indicates that there is evidence of default, the Bank may change the classification rating (e.g., change from passing credit to substandard) and accrual status (e.g., change from accrual to non-accrual status) as deemed appropriate. As of June 30, 2021, $\$ 3.5$ million or $0.2 \%$ of gross portfolio loans had deferral agreements, a decrease of $\$ 31.9$ million from the $\$ 35.4$ million or $2.4 \%$ of gross portfolio loans at December 31, 2020. As of June 30, 2021 and December 31, 2020, there were no loans and $\$ 3.4$ million of COVID-19 deferred loans deemed to be non-accrual and substandard based on reviews.

Gross U.S. SBA PPP loans at June 30, 2021 totaled $\$ 89.1$ million and 654 loans, a decrease of $\$ 21.2$ million compared to December 31, 2020. No credit issues are anticipated with U.S. SBA PPP loans as they are guaranteed by the SBA and the Bank's allowance for loan loss does not include an allowance for U.S. SBA PPP loans.

Management believes that the allowance is adequate at June 30, 2021.
During 2020, classified assets decreased $\$ 12.3$ million. The sale of $\$ 9.1$ million in impaired loans during the first quarter of 2021 reflects management's intent to expeditiously resolve non-performing or substandard credits that are not likely to become performing or passing credits in a reasonable timeframe. Classified assets decreased $\$ 7.4$ million from $\$ 22.4$ million at December 31, 2020 to $\$ 14.9$ million at June 30, 2021. Management considers classified assets to be an important measure of asset quality. The Company's risk rating process for classified loans is an important input into the Company's allowance methodology. Risk ratings are expected to be an important indicator in assessing ongoing credit risks of COVID-19 deferred loans.

Non-accrual loans and OREO to total gross portfolio loans and OREO decreased 42 basis points from $1.42 \%$ at December 31, 2020 to $1.00 \%$ at June 30, 2021. Non-accrual loans, OREO and TDRs to total assets decreased 36 basis points from $1.08 \%$ at December 31, 2020 to $0.72 \%$ at June 30, 2021.

Non-accrual loans decreased $\$ 4.4$ million from $\$ 18.2$ million at December 31, 2020 to $\$ 13.8$ million at June 30, 2021. Nonaccrual loans of $\$ 8.0$ million (58\%) were current with all payments of principal and interest with specific reserves of $\$ 42,000$ at June 30, 2021. Delinquent non-accrual loans were $\$ 5.8$ million ( $42 \%$ ) with specific reserves of $\$ 0.7$ million at June $30,2021$. The OREO balance decreased $\$ 1.6$ million from $\$ 3.1$ million at December 31, 2020 to $\$ 1.5$ million at June 30, 2021.

About The Community Financial Corporation - Headquartered in Waldorf, MD, The Community Financial Corporation is the bank holding company for Community Bank of the Chesapeake, a full-service commercial bank with assets of approximately $\$ 2.2$ billion. Through its branch offices and commercial lending centers, Community Bank of the Chesapeake offers a broad range of financial products and services to individuals and businesses. The Company's branches are located at its main office in Waldorf, Maryland, and branch offices in Bryans Road, Dunkirk, Leonardtown, La Plata, Charlotte Hall, Prince Frederick, Lusby and California, Maryland; and downtown Fredericksburg, Virginia. More information about Community Bank of the Chesapeake can be found at www.cbtc.com.

Use of non-GAAP Financial Measures - Statements included in this press release include non-GAAP financial measures and should be read along with the accompanying tables, which provide a reconciliation of non-GAAP financial measures to GAAP financial measures. The Company's management uses these non-GAAP financial measures, and believes that non-GAAP financial measures provide additional useful information that allows readers to evaluate the ongoing performance of the Company. Non-GAAP financial measures should not be considered as an alternative to any measure of performance or financial condition as promulgated under GAAP, and investors should consider the Company's performance and financial condition as reported under GAAP and all other relevant information when assessing the performance or financial condition of the Company. Non-GAAP financial measures have limitations as analytical tools, and investors should not consider them in isolation or as a substitute for analysis of the results or financial condition as reported under GAAP.

Forward-looking Statements - This news release contains forward-looking statements within the meaning of the federal securities laws. Forward-looking statements can generally be identified by the fact that they do not relate strictly to historical or current facts. They often include words like "believe," "expect," "anticipate," "estimate" and "intend" or future or conditional verbs such as "will," "would," "should," "could" or "may." Statements in this release that are not strictly historical are forward-looking and are based upon current expectations that may differ materially from actual results. These forward-looking statements include, without limitation, those relating to the Company's and the Bank's future growth and management's outlook or expectations for revenue, assets, asset quality, profitability, business prospects, net interest margin, non-interest revenue, allowance for loan losses, the level of credit losses from lending, liquidity levels, capital levels, or other future financial or business performance strategies or expectations, and any statements of the plans and objectives of management for future operations products or services, including the expected benefits from, and/or the execution of integration plans relating to any acquisition we have undertaking or that we undertake in the future; plans and cost savings regarding branch closings or consolidation; any statement of expectation or belief; projections related to certain financial metrics; and any statement of assumptions underlying the foregoing. These forward-looking statements express management's current expectations or forecasts of future events, results and conditions, and by their nature are subject to and involve risks and uncertainties that could cause actual results to differ materially from those anticipated by the statements made herein. Factors that might cause actual results to differ materially from those made in such statements include, but are not limited to: risks, uncertainties and other factors relating to the COVID-19 pandemic (including the length of time that the pandemic continues, the ability of states and local governments to successfully implement the lifting of restrictions on movement and the potential imposition of further restrictions on movement and travel in the future, the effect of the pandemic on the general economy and on the businesses of our borrowers and their ability to make payments on their obligations; the remedial actions and stimulus measures adopted by federal, state and local governments, and the inability of employees to work due to illness, quarantine, or government mandates); the synergies and other expected financial benefits from any acquisition that we have undertaken or may undertake in the future; may or may not be realized within the expected time frames; changes in the Company's or the Bank's strategy, costs or difficulties related to integration matters might be greater than expected; availability of and costs associated with obtaining adequate and timely sources of liquidity; the ability to maintain credit quality; general economic trends; changes in interest rates; loss of deposits and loan demand to other financial institutions; substantial changes in financial markets; changes in real estate value and the real estate market; regulatory changes; the impact of government shutdowns or sequestration; the possibility of unforeseen events affecting the industry generally; the uncertainties associated with newly developed or acquired operations; the outcome of pending or threatened litigation, or of matters before regulatory agencies, whether currently existing or commencing in the future; market disruptions and other effects of terrorist activities; and the matters described in "Item 1A Risk Factors" in the Company's Annual Report on Form 10-K for the Year Ended December 31, 2020, and in its other Reports filed with the Securities and Exchange Commission (the "SEC"). The Company's forward-looking statements may also be subject to other risks and uncertainties, including those that it may discuss elsewhere in this news release or in its filings with the SEC, accessible on the SEC's Web site at www.sec.gov. The Company undertakes no obligation to update these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unforeseen events, except as required under the rules and regulations of the SEC.

Data is unaudited as of June 30, 2021. This selected information should be read in conjunction with the financial statements and notes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2020.

** Non-GAAP financial measure. See reconciliation of GAAP and NON-GAAP measures.
(1) Portfolio loans include all loan portfolios except the U.S. SBA PPP loan portfolio. Asset quality ratios for loans exclude U.S. SBA PPP loans.
(2) Delinquency excludes Purchase Credit Impaired ("PCI") loans.
(3) There were no COVID-19 deferred loans in process as of July 22, 2021 that were reported as delinquent as of June 30, 2021.
(4) Non-accrual loans include all loans that are 90 days or more delinquent and loans that are non-accrual due to the operating results or cash flows of a customer. Non-accrual loans can include loans that are current with all loan payments. At June 30, 2021 and December 31, 2020, the Company had current non-accrual loans of $\$ 8.0$ million and $\$ 6.3$ million, respectively.

## RECONCILIATION OF NON-GAAP MEASURES (UNAUDITED)

Reconciliation of US GAAP total assets, common equity, common equity to assets and book value to Non-GAAP tangible assets, tangible common equity, tangible common equity to tangible assets and tangible book value.

This press release, including the accompanying financial statement tables, contains financial information determined by methods other than in accordance with generally accepted accounting principles, or GAAP. This financial information includes certain performance measures, which exclude intangible assets. These non-GAAP measures are included because the Company believes they may provide useful supplemental information for evaluating the underlying performance trends of the Company.

## RECONCILIATION OF NON-GAAP MEASURES (UNAUDITED)

Pre-Tax Pre-Provision ("PTPP") Income, PTPP Return on Average Assets ("ROAA"), PTPP Return on Average Common Equity ("ROACE"), and Return on Average Tangible Common Equity ("ROATCE")

Management believes that PTPP income, which reflects the Company's profitability before income taxes and loan loss provisions, allows investors to better assess the Company's operating income and expenses in relation to the Company's core operating revenue by removing the volatility that is associated with credit provisions and different state income tax rates for comparable institutions. ROATCE is computed by dividing net earnings applicable to common shareholders by average tangible common shareholders' equity. Management believes that ROATCE is meaningful because it measures the performance of a business consistently, whether acquired or internally developed. ROATCE is a non-GAAP measure and may not be comparable to similar non-GAAP measures used by other companies. Management also believes that during a crisis such as the COVID-19 pandemic, this information is useful as the impact of the pandemic on the loan loss provisions of various institutions will likely vary based on the geography of the communities served by a particular institution.

[^2]Below are several schedules that provide information on the COVID-19 deferred loans. The schedules summarize the COVID-19 loan modifications by loan portfolio, maturity or next payment due dates and the Banks's industry classification using the North American Industry Classification System ("NAICS"). The NAICS is the standard used by Federal statistical agencies in classifying business establishments for the purpose of collecting, analyzing, and publishing statistical data related to the U.S. business economy.

> (UNAUDITED)

| COVID-19 Deferred Loans | June 30, 2021 |  |  | Accrual Loans |  | Non-Accrual Loans |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| (dollars in thousands) | Loan Balances | $\begin{aligned} & \text { \% of Deferred } \\ & \text { Loans } \end{aligned}$ | \% of Gross Portfolio Loans | Loan Balances | Number of Loans |  | Loan Balances | Number of Loans |
| Commercial equipment | 3,505 | 100.00 \% | 0.23 \% | 3,505 | 11 |  | - | - |
| Total | \$ 3,505 | 100.00 \% | 0.23 \% | \$ 3,505 | 11 | \$ | - | - |

## COVID-19 Deferred Loans - Scheduled Month off Deferral

COVID-19 Deferred Loans by NAICS Industry

| (dollars in thousands) | June 30, 2021 |  | Number of Loans |
| :---: | :---: | :---: | :---: |
| Transportation and Warehousing |  | 3,505 | 11 |
| Total | \$ | 3,505 | 11 |

## CLASSIFIED AND SPECIAL MENTION ASSETS (UNAUDITED)

The following is a breakdown of the Company's classified and special mention assets at June 30, 2021 and December 31, 2020, 2019, 2018, and 2017, respectively:

## SUMMARY OF DEPOSITS (UNAUDITED)

|  | June 30, 2021 |  |  | March 31, 2021 |  |  | December 31, 2020 |  |  | September 30, 2020 |  |  | June 30, 2020 |  |  |
